## Fulbright – Botstiber Visiting Professor of Austrian-American Studies in the United States

The Austrian-American Educational Commission has received a \$ 120,000 award in August 2011 from the Dietrich W. Botstiber Foundation to fund two **one semester Fulbright-Botstiber Visiting Professors of Austrian-American Studies** – one for Austrian scholars to be hosted by institutions in the U.S. and one for U.S. scholars to be hosted by institutions in Austria – for three years starting with the 2012-13 academic year. The awards will function in a mirror reverse manner. Grant proposals require the collaboration of potential Fulbright-Botstiber scholars and potential host faculty from institutions in Austria or the United States, respectively.

### Description

The purpose of the Fulbright-Botstiber Award in Austrian-American Studies in the United States is to promote the understanding of the historical relationship between Austria and the United States. Therefore, it is open to all scholars of Austrian and American Studies whose project proposals contribute toward this objective in terms of combinations of teaching and scholarship. The Austrian Fulbright Commission and the Botstiber Foundation are particularly interested in soliciting applications in the fields of history, the social sciences, economics, and law but also welcome qualified applications from other disciplines, including but not limited to literature, music, and the arts.
