**Activity:** Mobilising environmental knowledge for policy, industry and society  
**Area:** 6.5 Mobilising environmental knowledge for policy, industry and society  
**Topics:** 6.5-1 Accelerating progress towards the Green Economy  
**Funding Scheme:** Coordination and Support Action (coordinating action)  
**Call Budget:** 17,0 Mio. €  
**Particular Requirements:** Activities should focus on developing and supporting a network for global exchange of best practices between EU and non-EU actors involved in sustainable consumption and production.

**Funding Scheme:** Coordination and Support Action (coordination action)  
**Call Budget:** 17,0 Mio. €  
**Particular Requirements:** The project is expected to lead to increased awareness of collaboration potential in the field of environment research, and more strategic cooperation between the EU and Latin America, ASEAN and Mediterranean third countries, as well as stimulating concrete successful cooperation activities. Consortia should include partners from the third countries in the regions. Priority will be given to consortia which can ensure contacts with research authorities or major research institutes.

**Topics:** 6.5-4 Knowledge platforms, networking and uptake of research results for more strategic international R&I cooperation

**Funding Scheme:** Coordination and Support Action (coordinating action)

**Call Budget:** 17,0 Mio. €

**Particular Requirements:** The objectives are to establish sustainable research and innovation cooperation between main EU and third country actors and to enhance uptake of research results on subjects of mutual interest in the areas of climate action, resource efficiency and raw materials, as described in the Commission proposal for Horizon 2020. Targeted regions are: Latin America, ASEAN, the Mediterranean and the Black Sea, the North Atlantic. Consortia should include a sufficient number of eligible ICPC country partners or other international partners from the target regions to ensure adequate scale and scope of cooperation. Priority will be given to consortia which can ensure contacts with and sufficient additional financial commitment from research-related regional structures and/or national authorities or major research institutes in the region.
