Driving the IMI Training and Education Vision in Europe

Mission Statement

EMTRAIN will establish a sustainable, pan-European platform for education and training covering the whole life-cycle of medicines research, from basic science through clinical development to pharmaco-vigilance.

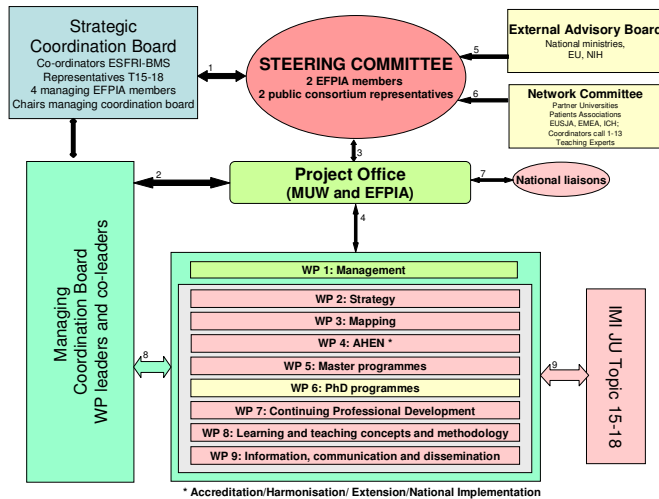

This will be achieved by integrating the strengths and competencies of the **ESFRI BMS** Infrastructures, the **EFPIA** companies, the current and future **IMI E&T Projects** (as members of the Strategic Coordination Board), the current and future IMI Scientific Topics (as members of the Network Committee) and external stakeholders (as members of the External Advisory Board).

EMTRAIN Partners & Countries

Structure and Inputs

Driving the IMI Training and Education Vision in Europe

5

28 Project Partners

Public Partners:

Members of the ESFRI BMS Infrastructures EATRIS, ECRIN, ELIXIR, BBMRI, INFRAFRONTIER & INSTRUST

- Medizinische Universitaet Wien
- Karolinska Institutet
- Karolinska University Hospital
- University of Manchester
- Institut National de la Sante et de la Recherche Medicale
- European Molecular Biology Laboratory's European Bioinformatics Institute
- Helmholtz Zentrum für Infektionsforschung
- Medical University Graz
- Centre de Recherche en Biologie et Medecine
- Helmholtz München Gesundheit Umwelt
- University of Oxford
- Medical Research Council Hungary

EFPIA Partner:

- Astra Zeneca
- Genzyme Europe BV
- Novartis Pharma AG
- Bayer Schering Pharma AG
- Pfizer Ltd.
- F. Hoffmann-La Roche AG
- GlaxoSmithKline Research and Development Ltd.
- UCB Pharma SA Belgium
- Novo Nordisk A/S
- Sanofi-Aventis R&D
- Boehringer-Ingelheim International GmbH
- JANSSEN Pharmaceutica NV
- ORION Pharma
- Almirall
- H. Lundbeck A/S
- Esteve

6

Project Plan

Summary of project details:

- Official Start date:
1st October 2009 (approved in February 2010)
- First Annual Report:
Due on 30th November 2010
- Duration:
7 years
- Overall Project Budget:
EURO ~ 7.7 million
 - 4 million cash (IMI JU)
 - 3.7 million in-kind (EFPIA)

Driving the IMI Training and Education Vision in Europe

Information and Communication

- EMTRAIN Website

EMTRAIN will establish a sustainable, pan-European platform for education and training (E&T) covering the whole life-cycle of medicines research, from basic science through clinical development to pharmaceuticals. This will be achieved by integrating the strengths and competencies of the EMU2 EMT infrastructure, the EFPIA consortium, the current and future IMI E&T programmes as well as other scientific projects.
EMTRAIN is funded by the Innovative Medicines Initiative (IMI).

EMTRAIN travels Poland
EMTRAIN discusses expansion to Poland. The convenance of partner universities to the European clinical research Infrastructure Network (ECIRN) a stance will also have implications for EMTRAIN.

EMTRAIN participates in 5th OSPHEDUS Conference
EMTRAIN will be represented by 2 keynote speakers at the 5th OSPHEDUS conference (Organization for PhD Education in Biomedicine and Health sciences in the European System), organized by the medical university of

Driving the IMI Training and Education Vision in Europe

Einreichphase

- Stufe 1:
 - Konsortium zusammenstellen (nur Academia)
 - Vorbereitung 2 Monate
 - Proposal-
 - vorgegebene Formulare und Textbausteine
 - Evaluation: ca. 8 Wochen
- Stufe 2:
 - Konsortium aus EFPIA und Academia
 - Meetings
 - 2x Frankfurt
 - 2x Wien
 - Paris
 - Brüssel
 - 3.5 Monate Vorbereitungszeit für den FPP
 - 1 FTE
 - Evaluation: nach ca. 3-4 Monaten
